Freestyle rules

CONTENTS

1. Description
2. Competition evaluation criteria

1. Description

In the Freestyle category, participants can demonstrate the achievements of their robotics or creative projects. The participant must prepare a short narrative about the functions and applications of their robot, which will have to be presented to the jury members and visitors.

2. Competition evaluation criteria

- Complexity
- Innovative approach
- Application of the equipment in real life
- Understandable and clear presentation of the project
